This cross-sectional view shows a central circular feature 17. To its left is a stack of layers: a dotted layer 11, a hatched layer 9, a dotted layer 13, and a hatched layer 14. To the right of feature 17 is a more complex structure. It includes a dotted layer 10, a hatched layer 4, a dotted layer 7, and a hatched layer 8. A hatched layer 6 is positioned above the central feature 17. Other layers include 12, 16, 18, and 19, which form various top and side surfaces of the structure.
